YOUNG ADULT LAB: CHOCOLATE BAR WRAPPERS

In order to celebrate Mother's Day from home we are creating our own heartfelt chocolate bar wrappers for that special and individualized touch. Alter dimensions to wrap any gift box, label slices of banana bread, etc.

Cut a piece of printer paper to 7 by 10.5 inches. Fold the cut piece of paper into thirds, then unfold. Measure 3/8 of an inch outward from each fold, and fold inward again. Flip over, and lay flat to create design. Wrap around candy bar, holding closed with adhesive.

**What you will need**

- 1 large chocolate bar
- Printer paper
- A ruler
- Scissors
- Pen
- Double sided tape (or any adhesive will do)
- Any other materials you would like to use for decorating
